Helping Those Who Protect Our Freedom

Sgt Robert Caudill, USMC HMM-364 and his Service Dog Bravo. Robert was the first Squad Member in Wounded Warrior Homes and now lives independently pursuing his educational goals.

"With everything seeming to be falling apart around me I didn't feel like there were any options or reasons to "carry on". WWH is a positive in a seemingly negative world. Their support has taken the stress out of my life and I can focus on myself and what I need to do"

Dear Ray,

On behalf of Wounded Warrior Homes, I would like to thank you and Aqua-Contain Solutions for your generous donation of a week-long stay at the Kona Bali Kai condo in Hawaii as a raffle item for our upcoming "Legends of Surf Music" concert at the Moonlight Amphitheater in Vista on October 25th.

It is because of donors like you that Wounded Warrior Homes can provide the much needed transitional housing assistance to our wounded warriors with Traumatic Brain Injury and Post-Traumatic Stress.

Thank you for your generosity and support.

Sincerely,

Executive Director
Wounded Warrior Homes

"One of the greatest needs for our returning service men and women is going to be transitional housing. Our vets get to a point when they are finished with in-patient rehab, but they are not ready to live independently. Wounded Warrior Homes fills that need."
